TOWN OF LUNENBURG INFORMATION MEETING

The Lunenburg Department of Public Works will hold an Information Meeting on November 7, 2016, 7:00 PM, Town Hall, 17 Main Street, Lunenburg, MA to discuss the roadway, pedestrian and bicycle accommodation improvements along Summer Street between the Fitchburg and Leominster City Limits. The project is being conducted in coordination with roadway improvements in the Cities of Fitchburg and Leominster along the Summer Street and North Street roadway corridor from the John Fitch Highway in Fitchburg to Route 13 (Main Street) in Leominster. The design of the project is nearing completion, and the expected advertisement date is May, 2017. To advertise the project, the Town of Lunenburg needs to secure temporary easements on Summer Street. The easements will allow for the roadway contractor to construct driveway aprons and blend the new work into the lawn areas at the frontage of the properties. The temporary easement area is a defined area only along the frontage of a property; it will not allow the contractor to trespass beyond the limits that are shown on the roadway construction plans.
